ESHHS and CHEIRON invite submissions to their joint conference to be held from June 27 to July 1, 2016, at the Centre for History of Science (CEHIC), Universitat Autònoma de Barcelona.

Sessions, papers, workshops, round-tables and posters may deal with any aspect of the history of the human, behavioural or social sciences. However, this year's conference will devote particular interest in topics such as:

- historiography
- history and philosophy of science
- popularization of science and the role of experts in modern society
- the circulation of science and technology in the European periphery

Submissions: must be received by January 15, 2016. Please send your proposal electronically as attachment in MSWord (.doc/.docx) to the three members of the programme committee:

- Ingrid Farreras (farreras@hood.edu)
- Sharman Levinson (slevinson.eshhs@gmail.com)
- Annette Mülberger (annette.mulberger@uab.cat)

Only original papers should be sent. Please indicate the submission type (session, paper, poster, workshop or round-table proposal). Any submission must include the name, email, and institutional address of the author.

Papers: send a 500-600 word abstract in English plus short bibliography. In case your communication will be in another language, please inform the committee in order to assist in planning linguistic support, if necessary.

Posters: send a 300 word abstract.

Session, workshop or round-table: send a 500-600 word rationale of the event (plus short bibliography) as well as a short abstract for each paper or intervention.
